ACADEMIC YEAR 2024/25

ASSOCIATE OF APPLIED SCIENCE FASHION STYLING

The Associate of Applied Science in Fashion Styling program is a dynamic gateway into the exciting world of fashion styling and creative expression. Top-notch classes at the core of this program provide students with the essential skills and knowledge to thrive in the industry. From mastering fashion styling fundamentals to staying ahead of trends through trend forecasting, this program ensures a solid foundation. Additionally, students delve into creative direction, fashion photography, and advanced digital design, equipping them with the tools to bring their creative visions to life with a focus on practicality. Courses in visual merchandising and social media & digital writing round out the curriculum, ensuring that graduates are not only stylistically savvy but also adept at showcasing their work in the digital age. The Associate of Applied Science in Fashion Styling program paves the way for aspiring stylists to make their mark in the ever-evolving fashion world.
